Year 5/6 presenting at assembly

Collaboration in Year 5/6

After School Clubs have begun!

Students of SIS@Halong are now involved in after school activities which are offered on Monday, Wednesday and Friday from 4 until 4.50pm. It is great to see the enthusiasm of both the students and the staff who are leading and assisting in our clubs.

We hope that these clubs offer opportunities for our students to extend their minds and their bodies and engage in experiences and activities that are not part of the regular school day.

Walking around the school I have already seen the fun and enjoyment our students are having learning new skills.

Year 5/6 Assembly Presentation

Our first ever SIS@HaLong Virtue presentation and Year 5/6 students lead by Mr Marty were great!! The virtue for this fortnight is a big word PERSEVERENCE! Year 5/6 decided to break it down into smaller words and phrases to help them and the younger students understand the meaning. Some of the phrases they came up with were;

Try try again! Hammer Away! and, Keep On, Don't stop till you get enough!!

Mid-Autumn Festival

It is nearly October and that means Mid-Autumn Festival is coming. We are excited to celebrate this event on the 4th October. Stay tuned for details!

Chillax Room

We have opened up a space for students to cool off and relax at lunchtimes. Our Year 6 students are taking on the leadership of this space to develop the rules and the environment.

Maths in Nursery

Nursery Role play K1 Reading and Listening

Lunchtime fun!

Learning Through Play!

Library

SIS@Halong students are being introduced to respectful use of the library. The library is one of our most treasured resources and with the guidance of teachers, our students will soon be able to use the library at lunchtime for quiet reading. Reading is the BEST way to develop literacy skills and can lead us into adventures in both fictional and non-fictional genres. We encourage all students to read and read and read some more both in Vietnamese and English!

Message from Ms Yen Term 1 is nearly over. Through common activities and lessons at school, children are trained in self-service capabilities, co-operation, and self-solving problems. They know how to manage their time, and schedule a reasonable personal task. They are becoming self-confident and responsible, they are learning how to unite, and share. Students have made a lot of progress with their Vietnamese curriculum.

At SIS@Halong, teachers use active teaching methods in their classes. Innovative, flexible organization of teaching activities to excite students have been observed and recognized by the Company. Based on results of the survey at the beginning of the school year, teachers classify students according to their academic ability. As part of our plan to enrich students' knowledge and reduce homework, teachers work with students in the first 15 minutes of each day reviewing the concepts and skills.

We have received some very constructive feedback from parents and we sincerely thank those who have come to the school to share their concerns in a positive manner. With your support and cooperation, we can work together to help promote and grow the school.

In October, in addition to maintaining a steady stream of teaching and learning activities, the school will organise a number of enrichment activities for students including:

- Excursion: Environmental protection
- Youth Union Membership Ceremony for Year 4, and Year 5 students.

Parent Notifications

Please make sure your child arrives on time for school and is picked up when classes or clubs end. Our school gates open for students at 8am and lessons finish at 3.10 (International) 3.30 (Nursery) 4pm (English Integrated), Clubs at 4.50pm. The School will not be held responsible for students who stay in school before and after school hours on their own accord. If you would like to bring food to school to celebrate your child's birthday, please inform class teacher prior to the day. The party will be in the afternoon in the canteen after snack time and before classes end. Please help SIS@HaLong encourage healthy eating habits and limit the junk food you bring for the party.

HALONG ROCKS AND ROLLS!
