SINGAPORE INTERNATIONAL SCHOOL@HALONG

HOV Message

Dear Parents,

Another academic year has come to a close, leaving us with many proud achievements and unforgettable memories. As the coordinator of the Vietnamese Program, I am always honored to accompany our students, parents, and teaching staff on the journey of nurturing knowledge and preserving cultural identity.

In a dynamic international educational environment, the Vietnamese Program at our school is not merely about teaching language or academic knowledge. It also serves as a bridge that helps students gain a deeper understanding of their roots, history, and traditional values. We believe that a truly well-rounded student is one who can integrate globally while remaining proud of their cultural identity.

Over the past academic year, our students have demonstrated remarkable dedication in both learning and personal development. They have shown a strong spirit of curiosity, creativity, and responsibility in every activity. Notably, their academic and extracurricular achievements have made significant progress, with the total number of awards increasing by 145 compared to the previous year. This includes 58 Gold medals, 106 Silver medals, 134 Bronze medals, and 70 Consolation prizes. These impressive figures are not only a source of pride for the students but also clear evidence of the educational quality that our school continuously strives to build and enhance.

Looking back on a journey of continuous effort and determination, SIS Ha Long has every reason to be proud of a year filled with dedication and achievements that exceeded expectations. The school would like to recognize and celebrate the remarkable accomplishments of our students. We sincerely thank our parents for their unwavering support and partnership throughout the year. Your encouragement has been a great source of motivation for both our students and teachers to continue striving for excellence in the years ahead.

We hope that in the 2025–2026 academic year, SIS Ha Long will embrace new challenges, participate in even more prestigious competitions, and achieve even greater success. We wish all parents and their families a peaceful, healthy, and joyful summer. We look forward to continuing to receive your trust, support, and collaboration in the years to come as we work together to provide the best possible learning environment for our students.

Sincerely,

Nguyen Thi Lieu

HOS Message:

Dear Parents and Students,

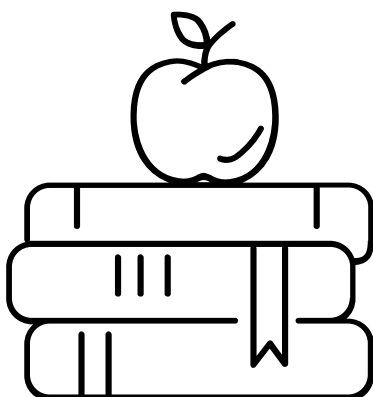

As we bring Term 4 and the 2025–2026 school year to a close, I want to extend my heartfelt thanks to every one of our students for their hard work, resilience, and positive spirit throughout the entire year. Your children have shown incredible dedication, and it has been a genuine privilege to watch them grow academically and personally.

This year has been filled with wonderful memories. From exciting excursions to lively school events, our students have embraced every opportunity to learn and connect. We have also shared some truly special OBV adventures — the camping trips and hiking expeditions that tested their teamwork, built confidence, and created lifelong friendships. These experiences have left a lasting impact on all of us.

We are now enthusiastically counting down to the highlight of the year — our End-of-Year School Concert! It promises to be a fantastic celebration of the talent, creativity, and hard work our students have poured into their performances. We can't wait to see everyone there and celebrate together.

EXCELLENCE IN ACTION! CONGRATULATIONS TO ALL OUR AWARD-WINNING STUDENTS. CELEBRATING OUR STUDENTS' OUTSTANDING ACHIEVEMENTS AND HARD WORK!

As our students prepare to move onwards into their new grades, I wish each and every one of them the very best. Keep striving, keep learning, and continue to approach every new challenge with the same enthusiasm you have shown this year. The future is bright, and we are confident you will continue to shine.

Thank you once again to our wonderful students, to the dedicated staff who supported them every step of the way, and to you, our parents and guardians, for your ongoing partnership and encouragement.

Wishing you all a joyful and restful break. We look forward to welcoming everyone back refreshed and ready for an even more exciting 2026–2027 school year!

Warm regards,

Mr Jayden Almirall Head of Studies

*“Success is the sum of small efforts,
repeated day in and day out.”*

KIK MESSAGE

Dear KIK Parents,

As we conclude an extraordinary academic year, we are pleased to reflect on the remarkable progress and achievements of our 'Kinder Wonders'. Throughout the academic year, our young learners have engaged in numerous hands-on experiences designed to foster curiosity, creativity, and foundational skills. These enriching activities have contributed significantly to their academic, social, and emotional development. We are proud of their enthusiasm and dedication and look forward to sharing a summary of their accomplishments and memorable moments in this newsletter.

We are delighted to share the wonderful experience our "Little Super Stars" had during their recent excursion to the Quang Ninh Museum. The educational trip was filled with excitement, curiosity, and thrilling discoveries, making it a momentous day for both teachers and students.

From the moment the students arrived at the Quang Ninh Museum, their boundless enthusiasm was palpable. The prehistoric fossils and natural history which exhibits the region's biodiversity captured the attention and inspired many questions in the minds of our 'Kinder Kids'. Our 'Little Explorers' were fascinated by the fossils of ancient marine creatures and corals, and a life-sized replica of a whale skeleton. Additionally, human history, with a variety of archaeological artifacts from prehistoric times up to the modern era showcased at the museum, were mind-blowing to our students.

As we mark the conclusion of this chapter, I sincerely thank you, dear parents, for giving us the honor of guiding and supporting these amazing young minds. Together, we have seen them grow into confident, kind, and inquisitive individuals prepared to take on the world. I wish you all a summer full of joy, exciting experiences, and treasured moments.

Warm regards
KIK Team

KIK DONG SIM

excursion to SIS

We were delighted to welcome students from KIK Dong Sim to Singapore International School @ Ha Long for a fun and inspiring school visit. During the excursion, the students explored our campus, joined interactive activities, met teachers and students, and experienced the warm and dynamic learning environment at SIS.

The day was filled with laughter, curiosity, and new friendships, making it a memorable experience for all. We look forward to welcoming our friends from KIK Dong Sim again in the future.

Safe Riding Skills for a Confident Journey Ahead

To equip students with essential knowledge and skills for safe road use, the Traffic Police Department of Quang Ninh Province, in collaboration with Singapore International School @ Ha Long, organized a road safety awareness and safe riding skills program.

During the event, students learned about important traffic regulations and road safety practices. They also signed a commitment to comply with traffic laws, helping to promote a culture of responsible and safe road use.

A highlight of the program was the hands-on riding practice session, where students took part in a series of skill-based challenges, including riding through a figure-eight course, following a straight line, navigating obstacle lanes, and crossing uneven terrain. These engaging activities helped students develop practical riding skills, improve their ability to respond to real-life traffic situations, and gain greater confidence when participating in traffic safely. The program also encouraged students to share their awareness and sense of responsibility with friends, family members, and the wider community.

Exploring Life Beyond School: Year 12 Guest Session

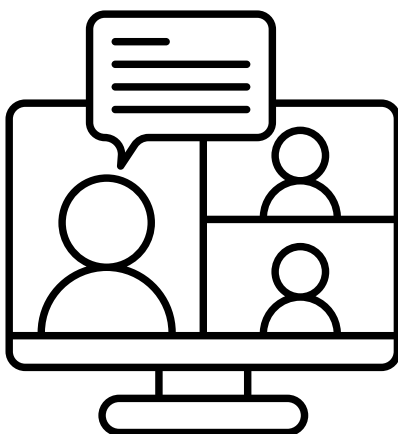

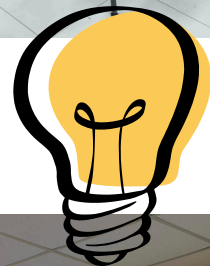

On Monday, 13 April, the Year 12 class had the opportunity to meet Vu Lan Anh, a former Ha Long student now pursuing postgraduate study at Teikyo University in Japan after completing her undergraduate degree there.

Lan Anh shared her experiences of studying abroad as a Vietnamese student, including adapting to a new environment and learning in a foreign language. She spoke about the challenges she has faced, how she has overcome them, and the valuable lessons she has learned along the way.

Students were able to ask thoughtful questions, gaining valuable insights into what they can expect as they prepare for the next stage of their educational journey—whether in Vietnam or overseas.

At Singapore International School Ha Long, we are committed to preparing our students not only academically but also equipping them with the skills and confidence to succeed in an increasingly globalised world.

Regards,
Mr William Westgate
